1. **Historical five-year reporting period:** 2015 to 2019

What percentage of overhead transmission facilities greater than 60 kilovolts did you inspect for compliance with the National Electric Safety Code (NESC) relating to vertical clearance in the historical five-year reporting period?

During the last five-year reporting period, GVEC has completed comprehensive inspections for clearance and other issues on 80% of our 69 kV and 138 kV transmission system. In addition, we conduct visual inspections of all 69 kV and 138kV transmission lines annually.

2. Future five-year reporting period: 2015 to 2019

What percentage of overhead transmission facilities greater than 60 kilovolts do you anticipate you will inspect for compliance with the NESC relating to vertical clearance during the future five-year reporting period beginning on January 1 of the year in which this report is submitted?

GVEC will inspect 100% of its transmission system in 2020. We conduct an annual inspection of our entire 69 kV transmission system. We are scheduled to conduct a comprehensive inspection of our 138 kV tramsmission system in 2020.

AFFIDAVIT

I swear or affirm that I have personal knowledge of the facts stated in this report or am relying on people with personal knowledge, that I am competent to testify to them, and that I have the authority to submit this report on behalf of the affected entity. I further swear or affirm that all statements made in this report are true, correct, and complete.
